

Peace to you all in Christ, God's Son and our Brother in the flesh, who has been given authority over all things.

I wanted to share a couple things I'd like to try this Sunday as we continue to worship from our homes.

1. At the beginning of the service I will pose a question for you to watch for in the service. When the service is over, we will take about 10 minutes to digest God's word together. To do that I'm inviting you to send me comments and questions that I'll share and answer while we live stream. This is a great opportunity for kids of the congregation to ask questions. You can either communicate with me via Facebook instant messenger (check out my Facebook page) or you can text me at 308 627 7238.
2. I will also post some questions to spark conversation. You can feel free to add your own questions or comments to help us process the sermon.
3. If you have any other suggestions as to how we might connect over God's word using social media, let me know.

Peace,
PG
